

OUR FAMILY OF HORSES

COOKIE

Cookie is a beautiful mare Appaloosa, the breed is American in origin and was first utilized by the Native Americans in the sixteenth century. She has brown spots just like a cookie! Appaloosas are renowned for being peaceful, sociable, and devoted friends in addition to their remarkable looks. She joined us from South Africa, and she loves swimming and being around people. She is great at cantering for both intermediate and expert riders.

ZURI

Zuri is a stunning Vlaamperd pure black mare. A South African breed developed from the mating of indigenous mare breeds with Thoroughbred and Frisian stallions that were imported from Europe to the Western Cape during colonial times. There are just 200 pureblood Vlaamperd horses left in the world, making them an exceptionally rare breed. Zuri is a children's horse who performs best under a relaxed rider. She also loves swimming in the water. Zuri, which means "beautiful" in Swahili, will immediately come to mind when you catch sight of her captivating black eyes and gorgeous appearance.

SNOWY

Snowy is a gorgeous snow white Arabian mare. A breed of horse originated on the Arabian Peninsula as far back as 3,000 B.C. The Arabian is one of the most well-known horse breeds in the world and is easily recognized because of its distinctive head shape. Snowy has a unique personality; initially, she's shy, but after you get to know her she'll open up like a snowflake in the sea. She also loves to play in the water so be ready to swim with her!

BELGIUM AND RELAY

We started our stables with these two lovely brown male and mare Thoroughbred horses. Thoroughbreds are best known for their prominence in horse racing. When they first arrived they were a little thin, but now after receiving lots of food, love, and care they are doing much better. They adore being around one other and are best buddies. Belgium is a fantastic swimmer and has gorgeous dark brown skin. Relay is energetic and she will love you if you give her treats. Belgium and Relay are excited to welcome you to our stable!

OUR HORSES

We attach great importance to the well-being of our horses, treating them with love and affection. Consequently, they are very trusting and sensitive, and cuddles are welcomed. All our animals are regularly dewormed, vaccinated, and under constant veterinary supervision.

The horses are very quiet and suitable for beginners, yet still enjoyable for more intermediate riders looking to trot freely along the shores.

All our guides are trained with years of experience and are happy to assist you with riding tips and helpful advice. We aim to make each ride safe, fun, and memorable. Safety helmets are provided to all guests. We use only the best hand-crafted saddles and tack to ensure the comfort and safety of both the horse and rider.
